Smith Corona 350 DLE Spell-Right Dictionary Electric Typewriter

Description

For Sale: Smith Corona 350 DLE Spell-Right Dictionary Electric Typewriter S#2015018

Very simple, yet has all the functions necessary to fill out forms, index cards, and write letters. With one added bonus: a DICTIONARY! The typewriter beeps when you type a word it doesn't recognize. Very handy for people like myself who make a lot of typo's. That combined with the erasing backspace, makes it fast and easy to type a letter.

Manufactured in 1992, the plastic is plenty strong and not aged enough to be brittle. It's small enough to be considered portable (along with a handy-dandy handle) but large enough to fit comfortably and permanently on a desktop.

Call me and set up an appointment to have a complete demo and a crash-course on how these manual typewriters work.

If you're in Cincinnati, I offer free delivery. If ordering it from outside Cincinnati, choose the option to add \$30 for shipping.
