Short Description

For Sale: Smith Corona PWP 125 Disk Saving Desktop Electric Typewriter With Screen

Description

This is one of Smith Corona's more complicated typewriters. But don't let it scare you... it still has the ability to simply type, the way all older typewriters do. But just look what else it can do!

- The ability to save on disk
- A screen to type paragraphs (or even pages) before hitting the 'print' command
- Ability to create colums
- Ability to justify text- right, left, or center
- Character or word erase
- IT'S PRACTICALLY A COMPUTER!

The typewriter is large, and though it has a cover and a handle, is built as a desktop typewriter.

Typewriter comes with 1 free floppy disk!

Call me and set up an appointment to have a complete demo and a crash-course on how these manual typewriters work.

If you're in Cincinnati, I offer free delivery. If ordering it from outside Cincinnati,

choose the option to add \$30 for shipping.
